

# Google Colaboratory (Colab) set-up

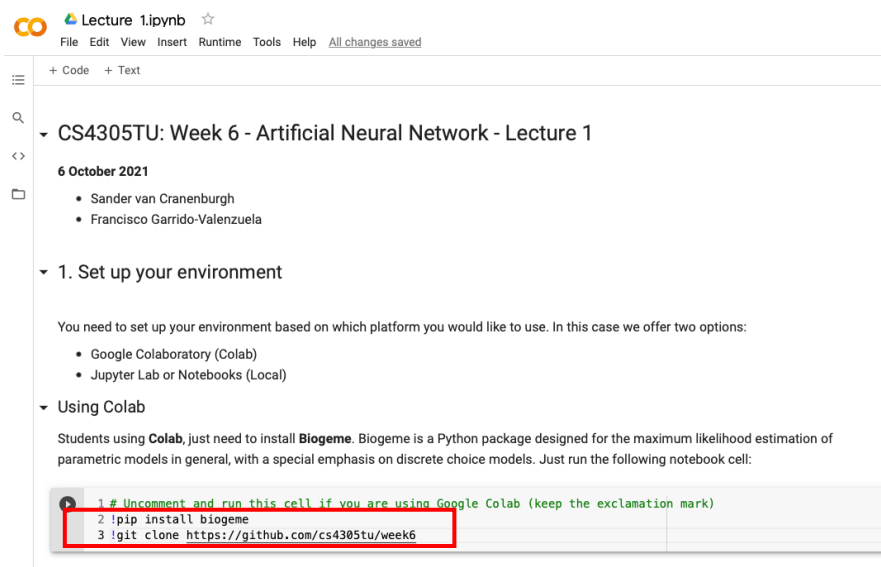

**Step 1:** Go to <http://colab.research.google.com>

**Step 2:** Sign in with your google account (if you are already signed in, skip this step)

**Step 3:** Click on **file > upload notebook**

**Step 4:** Navigate to the Jupyter Notebook (.ipynb) you would like to open (e.g. Lecture\_1.ipynb)

**Step 5:** Uncomment the two lines related to Colab set-up in your notebook

**Step 6:** Run this cell and wait until finish.

**Step 7:** We are ready! Now, you can run the rest of the file.

## Notes:

- You can run cell by cell by clicking the play button next to it. Alternative, press ctrl+F9 to run all cells at once.
- The uploaded notebook file will be stored in Google Drive (of your account)
- If you close the session, you must do **Step 6** again.
